## BAPTISED HIS WIFE THREE TIMES

SO MENEFEE ELMORE WAS SENT  
TO ASYLUM—NEWS FROM  
CIRCUIT COURT.

The criminal term of circuit court was very busy this week, but ended on Wednesday and the civil session began. Arrangements are being made by the attorneys to hold a memorial service for the late Judge M. C. Sauley and his son the late George B. Sauley some afternoon before the end of the term.

Emil Bliss, of the Ottenheim section, who cut Jim Rogers at a picnic there on the 4th of July, was fined \$200 by a jury. It was brought out that Bliss was more or less intoxicated, having been drinking considerable beer during the festivities.

Menefee Elmore and wife of the Preachersville section, were sent to the Lexington asylum, being adjudged unsound of mind on religion. It was brought out in their trials that Mr. Elmore had baptized his wife several times, and disturbed religious services by his shouting, etc.

B. D. Carter, Chief of Police of Stanford, was fined \$50 and costs for striking County Attorney W. S. Purcell in a difficulty in the latter's office in August. The altercation between the men came up over the disposition of the Tom Beck and Hubble case, in which Carter said a raw deal had been given these defendants, who were charged with shooting craps. Bureau is said to have resented such imputation upon his official integrity with the term "liar," and the blow followed. The case attracted much interest and was hard fought by counsel for the commonwealth and the defendant. No hard feeling is said to obtain between the two men as a result of the affair, however.

In the case of John Baugh against his father, Doc Baugh—both of the West End—the jury disagreed, it is said, standing six to six. The suit was for the possession of nine horses, which each claimed as his property.

A jury gave Fred and Mittle Carson of the West End, \$400 damages each against the Cincinnati Southern railroad company. They were put off a train at Science Hill some six years ago, because of the failure of a ticket agent to give them a correct ticket.

## Kings Mountain.

The following is the report of the King's Mountain Graded School from fifth grade up: The pupils that have not been absent during the month, are:

Cliff Waters, Maggie Flint, Pearl Hogue, Clarence Carey, Elza Gooch, Estell Gooch, Maggie Smith, Gertie Trimble and Dora Alford.

Those who have been neither absent nor tardy are:

Ernest Flint and Mabel Flint.

Those that have not been absent during the term, are: Russell Thompson, Maggie Flint, Grace Thompson, Lela Smith and Ottilie Walls.

Those that have been neither absent nor tardy during the term are: Laura Johnson, Hulce Acton and Esther Murphy.

The Literary Society that was organized some four weeks ago by the school, is progressing nicely.

Miss Esther Murphy, Nettie and Laura Johnson made a visit to Waynesburg Saturday and stayed until Sunday.

Mr. Dunaway the depot agent is moving into his newly made house. Mr. M. G. Murphy is out of town for a few days on business.

Mr. Cyrus Johnson the father of Hittel Howard, is getting along splendid with his school at Highland.

## Good Turkey Money

MISS NORTH TURNS OVER BIG  
FLOCK TO BUYER DOUGH

T. W. Gooch the turkey buyer, brought in a drove of 600 to Northcott here this week. He secured most of them in the West End and in Casey and paid around 14 cents a pound for them. Mr. Gooch got a large number from Miss Annie North, daughter of Hon. and Mrs. M. F. North, her check for the flock amounting to \$154.28.

These turkeys were dressed here and shipped by express to the eastern markets.

## Preachersville

R. J. McAllister sold some hogs to B. D. Holtzclaw at \$7.65 and a cow for \$35. R. J. Pettus purchased 40 barrels of corn of O. H. Anderson at \$2.15.

The meeting at the Baptist church conducted by Rev. T. H. Thornton continues with large crowds in attendance. Subject of Tuesday evening's discourse was "Heaven," which which was well handled and a most lucid description. Last Saturday evening after preaching had begun, on account of the frequent passing out of the small boys, incoming of the late arrivals and others, the man of God in order to keep the doors shut ordered them locked! This has caused considerable comment and is a most unheard of thing in this place.

Miss Lucile Ballard who has been ill is able to be out again. James Elmore and son John, of Jellico Tenn. have visited Evan Foley and wife. A little daughter of A. D. Stephens is sick. Rev. Thornton and sons were visiting G. C. Kennedy and wife. James Curtis and family visited B. T. Lunsford. Mr. and Mrs. D. J. Rigby and pretty niece Miss Hettie Rigby, of Cedar Creek visiting Mr. and Mrs. Mrs. T. Y. Shaw. Misses Mary and Lucy Pettus, who are attending the E. K. N. school at Richmond, are visiting their grandmother, Mrs. Rebecca Pettus. Mr. and Mrs. James Gooch, of Goshen were visiting Mr. and Mrs. Geo. O. Spoonamore. Miss Zula Naylor visited Mrs. John B. Anderson.

Mrs. Nancy Morgan has gone to Mercer county and will make her home with her brother, J. W. Blankenship. Miss Kate Payne, of Tappanville was a guest of the Misses Ballard. Mr. and Mrs. F. E. Cummings, of Crab Orchard, and Mrs. Miss Jennie Rogers were visiting Mrs. J. M. Cress. Miss Nell Newland of Cedar Creek, is back after a visit to her father on Cedar Creek. Miss Mortie Scott came with her. Master Clinton Parks is at home after a long stay in the children's hospital at Louisville where he was taken to have a limb straightened. We are glad to say it was a successful operation.

Rev. E. B. Thornton sold two fat cows and a calf to J. M. Cress for \$52.

The grist mill of Mr. Fado Parke is not running as important piece of the machinery is broken.

Sheriff W. L. McCarty and deputy Bud Embry, were here Tuesday night to arrest Menefee Elmore on a lunacy charge. Mr. Elmore very willingly accompanied the officers. His wife has also been mentally unbalanced for a week and is to be taken to Lexington at once. Both of these unfortunate persons have been close students of the Bible and religious matters are thought to be the cause of their trouble. Mr. Elmore had been a strict member of the Methodist church for several years, but about a week ago wanted to be baptized which was administered by her husband in a nearby pond after sunset. We have known both of them all their lives and two better sweeter tempered, more obliging neighbors we have never known. We deeply sympathize with them and hope for a speedy recovery.

## A HOUSEHOLD MEDICINE

To be really valuable must show equally good results from each member of the family using it. Foley's Honey and Tar does just this. Whether for children or grown persons Foley's Honey and Tar is best and safest for all coughs and colds. Shugars and Taffier.

## Ottenheim

Mr. John Wentzel has completed his farm house across the street.

A certain physician and son were out in this section quail hunting. The many shots that were fired scared one bird so much that it took shelter near a farm house, where it was caught by the boys and sold to the hunters for 25 cents. Good shot!

Mrs. Ida Kearns has returned from her two weeks' visit to London.

Mr. Wentzel says he never refuses to help the poor, so he willingly paid his fine the other day. Caut again.

Mr. F. Schnitzler has purchased the shingle mill of Mr. Charles Trub.

"Hyomel cured my catarrh in a few weeks"—M. P. Burke, North Port, Vt. It will cure any case of catarrh, coughs, colds or sore throat, or money back. Ask G. L. Penny. Complete outfit \$1; extra bottle 50 cents.

## ADAM PENCE CATCHES LOAD OF SHOT IN LEG

FIRST CASUALTY OF HUNTING  
SEASON REPORTED HERE—  
BIRDS ARE SCARCE.

The first casualty of the season from hunting in this section, occurred on Tuesday to Adam Pence, while hunting rabbits. Seventeen birds shot lodged in his thigh, several penetrating the knee and caused considerable pain, though not sufficient to cause the young man to desist from the sport until the day was over. Adam had gone on ahead of his brother, Tom and Alfred and was thought by them to be over a hill. Instead he was about 25 yards distant, and concealed by a fence. A rabbit jumped up and not seeing his brother, Alfred blazed loose at him, but Adam caught most of the shot in place of the quarry. Mr. Pence was wearing two pairs of overalls besides his underwear which to some extent protected his limb.

Hon. W. H. Shanks is the loser of a very fine male, valued at about \$250 as the result of carelessness of hunters who were on his place this week. A gate was left open, and the animal got out of its field. It wandered to the railroad track and was killed by a train. A valuable calf also got out and was killed in the same way.

Nimrods report that birds are very scarce in this section, though there appeared to be enough rabbits to make up for them. The Pence brothers got a total of about 25 rabbits and 15 birds on their first day out.

Tom Newland got 14 rabbits and 4 birds; Alfred Farmer got 8 rabbits and other hunters have had about the same luck.

## Milledgeville

Mr. E. R. McGraw and wife of Perryville were visiting Mr. Lyle Morgan and family Sunday.

Bro. Palmer preached a fine sermon at the M. E. church. He is well beloved by everyone.

There has been a great deal of stir in Milledgeville on account of court. Nearly everyone has gone to Stanford.

On Wednesday before Thanksgiving there will be a musical at the Christian church at Moreland and at night a supper. Everybody come.

Mr. Lyle Morgan's little mill is doing a good business and will have his corn crusher at work next week.

Mr. J. D. Myers our wholesale broom man made a trip to Stanford one day this week in the interest of his broom sale and to attend court.

Mrs. Harriett Armstrong of this town is visiting her daughter Mrs. Phillips near Danville this week.

Farmers are very busy in this part of the country gathering corn and preparing for winter as they cannot work in tobacco.

The sale of Mr. William Sweeringan's was a failure. He refused to sell on account of low prices.

Thomas Purdon Jesse Rout and Amul Dishon took advantage of the rabbit law today. They killed 30 rabbits and think it pretty good for the first day.

Mrs. A. R. Hale is sick this week. We hope she will soon be better.

The mother's day at school was very nice. We had present a number of mothers, brothers and sisters.

## DEATH OF MISS PRUITT

Miss Rebecca Pruitt the 16 year old daughter of Dr. W. S. Pruitt, died at their home near Bryantsville, this county on November 11th after a week's illness of pneumonia. She was buried after appropriate services at the church conducted by Rev. K. F. Noakes.

## HEXAMETHYLENETETRAMINE

Is the name of a German chemical one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady.

## FOR SALE!

Two story house 7 rooms, 1 hall, 3 porches all necessary outbuildings including good barn, two good wells of water, young orchard, 7 acres of land, all in fine shape, 1 tenant house. Fine place for a physician, in a good town and splendid community price \$2,500. Apply to L. R. Hughes or W. L. McCarty.

## FOX HUNTERS MEET AT CRAB ORCHARD

NATIONAL ASSOCIATION HOLD-  
ING 17TH ANNUAL SESSION  
IN IDEAL SPOT

The National Fox Hunters Association is in session at Crab Orchard this week, beginning Friday, and for several days and nights the hills of old Lincoln will echo with the deep baying of the hounds and the bugle blast, so dear to the heart of every true Kentuckian.

A number of notable personages, who delight in the chase, are on hand for the events, and some of the best bred dogs in the country will participate in the running of Reynard. This is the 17th annual meeting of the Association.

Col. Jack Chinn, of Harrodsburg, who is, perhaps, the best known fox hunter in the world passed through Stanford en route to Harrodsburg with four horses and eleven hounds.

The gathering will be quite a swell social affair as well.

Mr. and Mrs. Owen Tyler will chaperone a party from Louisville; Gen. Roger D. Williams and Mrs. Williams, Misses Marion and Kameen Mulligan and Miss Fannie Reed will be among those from Lexington. Mr. and Mrs. Jack Greenleaf will bring a party of young people from Richmond; Mr. and Mrs. Samuel Woodruff will head a group of young men and women from Versailles, and parties from Boston, New York, Washington, Philadelphia and other Eastern cities will also be in attendance.

## More Wedding Bells

TWO YOUNG COUPLES MADE HAP-  
PY BY DR. DICKEY

Miss Ora D. Poore, of Beuna Vista, Garrard county and Mr. William Broadus, of this county, were married at the residence of Mr. Ed Ballard one mile from town on Wednesday evening at 8 o'clock. Rev. J. J. Dickey performed the ceremony. The bride is a sister of Mrs. Ballard, and is one of Garrard's most attractive girls. Mr. Broadus is one of Lincoln's best young men and their host of friends and loved ones wish them great happiness. They will make their home on Mr. Broadus' farm on the Danville pike.

Miss Eddie Florence Terry, of Yosemite Casey county, and Mr. Jesse Martin, of Turnersville, were quietly married at the residence of J. A. Manning on Whitley avenue, this city, Wednesday, Rev. Dickey officiating. The happy pair will begin house-keeping at once near Turnersville, and have warmest congratulations from a wide circle of friends.

## Turnersville

Several from this place attended the box supper at Mason's Gap last week.

Mr. John Carter is planning to build a new house.

The hunters are busy in this community.

There will be a box supper at the school house in a few weeks. Further arrangements will come out later.

"Hurrah for Helm" he is ours.

We have a good joke on one of our farmers who dug his sweet potatoes and laid them out on a bench where he had salted meat and he says that they are so salty that he cannot eat them. This is the first time we ever heard of anyone preserving their potatoes in salt.

Mr. John Beck is preparing a house which his son will occupy. He is building a kitchen and porch to it.

Mr. Thomas Gooch passed through here Tuesday with a drove of turkeys bound for Stanford.

Mr. James Denny is visiting his homefolks in Casey.

Mr. S. P. Shoop of Waynesburg visited friends here last week.

Master John Walker Hubble attended the birthday party given by Mike McCarty, of Stanford Saturday.

Mrs. Mary Gadbrey, Fiddle Russell and Mr. and Mrs. Jina Gadbrey, of Ellisburg, visited Miss Mattie McWhorter this week.

Miss Bessie and Cardie Hubble visited friends at Middleburg last week. Misses Eva Moser and Isabelle Keynolds visited here Sunday.

On Sunday afternoon Nov. 20th, at 2:30 the Christian Endeavor Society will meet at the Christian church. Miss Mattie McWhorter will conduct.

## Hustonville.

Col. Geo. D. Weatherford returned home Monday from Danville with a severe case of rheumatism that will confine him to his bed for some time. Mrs. Mollie McCormack is visiting her parents and other friends in Derby Kansas.

The buildings to the lot known as the ark on the N. E. corner of College and Main streets has been sold by the owner Mr. D. S. Carpenter to Howard Camnitz and J. J. Allen for \$10,000.

The Hustonville hunting and fishing club left Tuesday for a ten days' outing in the Green river valley. J. C. Weatherford, Judge J. P. Goode, W. O. Speed, Boyd Weatherford, A. J. Adams, Dr. O. S. Williams, Cleve Dunn, Harry and Howard Camnitz. The following invited guests accompanied them: Capt. C. P. Fletcher, of Pittsburg, Pa., Hon. T. Adams, Kentucky county's representative in the legislature, and Messrs. Rowan, Cody and Quarrier of Cincinnati. If the weather is favorable they will stay about ten days.

The writer is indeed very sorry to learn through the daily papers of the unexpected death of Senator Clay of Georgia. Through a friend of mine that I was visiting recently in Georgia and who lives in Marietta, Ga., Senator Clay learned of my wanting to visit the old battlefields near Kennesaw Mountain. He sent his chauffeur with his auto immediately for my trip which I greatly enjoyed.

Misses Janie Fox and Elizabeth Vermillion of Boyle, are charming guests of Mr. and Mrs. Roland Bishop this week.

Prosperity today reigns over the cotton districts of the south in a degree unknown in Kentucky. Their large cotton crops are bringing 14 to 14 1/2 cents per pound and the seed bolls and cotton seed oil. Every town in the cotton belt is crowded daily with wagons, loaded with cotton waiting to be ginned, baled and weighed to some one of the numerous buyers.

The furnaces in the Christian church have been repaired and there will be services next Sunday morning and night. Some special music will be rendered.

Children's day exercises for American Missions, Sunday evening Nov. 20th, at the Christian church at seven o'clock everybody invited to be present. R. L. Berry, Supt.

Miss Lois Willis is visiting Miss Elizabeth Mitchell in Mayslick.

Messrs. Riffe and Apps have completed the repairs on the furnace in the Christian church, putting in new pipes complete. The services will be in the church next Sunday, Nov. 20th. Rev. W. S. Willis will preach the second sermon of his series of sermons on "The Church for Today," at 11 A.M. At 7 o'clock P. M., Bible school exercises of songs, responsive reading, recitations, etc., will be given by the school. Come and enjoy the children and encourage and help them in their laudable undertaking.

## Middleburg.

The election is over and we are glad of it. For the most part the result was as good as we could have had it. We would have been glad if Hon. Elza Bertram had wiped up the earth with Caleb Powers, but what he did for him was no little, and Mr. Bertram has more to be proud of than Caleb.

In selecting the juries for the present term of the circuit court this section was given a wide berth. The present panels were made up from other sections altogether.

Frank Cain, one of the youths who escaped from the officers here a while back, after being fined for disturbing meeting, came down last week and surrendered to the officers and went to jail to pay the fine. He is but 19 years of age and it seemed a pity to have to send one so young to jail. John Hamilton who was fined for the same offense and who also escaped, is said to be sojourning in the state of Ohio.

Rev. James Balintyne baptized Misses Myrtle Tapscott, Bessie Frederick and Lillian Delt, in the river here Sunday, after the morning services.

W. C. Bryant and W. E. McWhorter who attended the Sunday school Union at Valley Oak report a fine meeting. Mr. McWhorter says Billy Bryant is quite a companionable fellow, and a fine one to be with in the vicinity of Valley Oak. He appeared to be at home wherever he

## WHY LINCOLN HAS NO BETTER ROADS

BY ONE WHO TRAVELS ENOUGH  
OVER THEM TO KNOW  
THEREOF HE SPEAKS.

(Contributed.)

Road building is an art based upon science and requires skilled and competent supervision. The term of office should depend upon the competent discharge of the duties of each officer, rather than duration of an elective term.

If a man should prove incompetent he should be required to step down and out and let some other man take his place.

It may be stated in brief, that the failure of most roads is due to the following causes. First, the use of unsuitable material;

Second, dumping the gravel on the road and spreading it and allowing the traffic to compact it.

Third, improper treatment of earth foundation or sub-grade so that it is insecure, poorly drained or rough;

Fourth, the improper construction of ditches and culverts;

Fifth, failing to repair the roads by filling holes and ruts with suitable material.

In providing drainage for a gravel road side ditches should be made ample to receive and carry off all surface water. Little water sheds should be made all along the road to lead the water to these ditches.

The gravel that has been dumped along the pike to be spread some time this month, is full of boulders from the size of your fist to as large as your head. All this stuff will be received by the county, and spread upon the pike for the traveling public to break up.

The rock that is being spread need to be rolled or something put on them to hold them in place till nearly all of them roll off into the ditches.

I travel over about 22 miles of macadamized road. I can show any man where \$50 worth of ditching would have saved the county over a thousand dollars. Some of this road has not been ditched in over four years. With the proper amount of ditching the amount of metal as small as it is, would keep our road in a fairly good condition.

It is impossible for one man to look after about 150 miles of pikes. My idea would be to put these roads out in sections, say 25 miles to each man; men that live on these roads would have some pride in keeping them up.

The people of this county pay taxes to keep up their roads, and they should demand a better system.

The culvert spoken of by the Hustonville correspondent has been caved in over a month. There is also one on Knob Lick pike that needs repairing.

JUDGE DAWSON.

## Brodhead.

The firm of W. S. Haggard & Co., is no more. Henry Anderson bought out the stock of goods and opened the doors Thursday. We wish Henry all the success possible in his new undertaking.

The revival at Freedom church is still going on and up to Tuesday night had 40 additions to the church. 22 were baptized Tuesday. The meeting will likely continue through the week.

Lea, Auler Hout, of Jamestown, Ind. is visiting relatives in the Hiatt vicinity this week. Horace Benton, of Etowah, Tenn., is with the homefolks this week. Brack Duham is telegraphing at Mt. Vernon for a few days. Roscoe Pike is at home from Corbin for the week.

## A ROCKCASTLE CASE.

The case of the commonwealth against Harvey Smith, from Rockcastle, was affirmed by the Court of Appeals. The court holds that when an indictment is once dismissed it cannot be redocketed, but in this case where the defendant was never in custody or jeopardy, another indictment for the same offense may be returned by another grand jury.

## FOOT BALL SATURDAY

The Stanford High School foot ball team will meet the Central University Freshman team on the gridiron here Saturday afternoon at 2:30. The Stanford Stalwarts have not been scored against this season and the C. U. men have a strong team also. It can thus be seen that a red hot game

## POLITICAL ANNOUNCEMENTS

### For Circuit Judge

The Interior Journal is authorized to announce Charles A. Hardin as a candidate for Circuit Judge of the Thirteenth Judicial district, at the election to be held November, 1911, subject to the action of the Demo-

crats, the "National" Weekly, is evidently a very warm friend of the New Nationalism of Col. Theodore Roosevelt, and utterly blinded to every evidence of progressiveness on the part of the democracy of the nation. Its current issue shows that it is very very sore over result of election generally. Colliers almost had some of us progressive Democrats hoodwinked into believing that it really stood for something higher and better in the national life than partisan adherence to party lines—Republican party line in its case—by the splendid fight it made before the election for the success of progressive principles. Since the decision of the voters, however, and its idol, Theodore I, dethroned, it can see nothing of good in the sections where the real party of progression, Democracy, has triumphed, and yells that the corporations and money interests were behind the democratic candidates.

The politics of Collier's reminds us very much of our good friend Sam J. Roberts, editor of the Lexington Leader, and erstwhile Collector in the Seventh Internal Revenue district. Mr. Roberts' fight for purity of civic affairs in Lexington, his willingness to join with Democrats to oust "political cut-throats" as he called them, from control of elections, and swapping of the government of Fayette and Lexington among them, led many of us to consider that, perhaps, after all, his "hide" was not so "bound" to the cabin but that he could put the good of state and nation before the party device. But our illusions were sadly dissipated when, in the last congressional campaign he wantonly attacked one of the purest and best men who ever honestly sought the suffrages of the people and did his mud-slinging in the interest of a man twice convicted of complicity in assassination, and never yet ac-

quitted by a jury of his peers. We confess that we were grievously disappointed when Editor Roberts argued that Eliza Bertram ought to be defeated for congress in the 11th district because his father had played some part in the legislative proceedings at the time of the Goebel trouble. Nothing else could be found against him; no other flaw in his record or spot on his escutcheon save that he happened to be the son of his father, and his father had legally contested for a seat in the legislature against a republican. Consistency seems not to be a jewel in the diadem with which most of these political purists are crowning themselves these days.

The Interior Journal has the best family of correspondents in the state, but it wants a few more of them. If you do not see a news letter from your community in the paper, why not write one? Communicate with the office and stationery and stamps will be furnished. We believe that the people of the various communities in which the I. J., circulates had rather read of happenings in their immediate neighborhood than what goes on a hundred or a thousand miles away, and for that reason want to give the news from every community and desire a correspondent from every point. The I. J., is putting on new subscribers almost every day of its life and its large and growing circulation is being more and more appreciated by the advertisers. So much so, that plans are being made for the early installation of a larger press which will permit a larger paper every issue. Help the good work along.

Just because Ben Johnson made a fine race in the 4th district in the recent election, is no sign he is strong over the State. The rank and file of the democrats don't want Ben Johnson for their nominee for governor, and they are not going to have him. The people who are strongest for Johnson for the democratic nomination are the republican officeholders at Frankfort.

They are confident they can beat him if he were nominated but not a one suggests a thing about McCreary.

Col J. M. Richardson of the Glasgow Times is for Bryan the presidential nomination in 1912. We are a great believer in Bryan, but the democrats must not throw all the fat they've won into the fire. Bryan can't win; let's name someone who can. Harmon and Wilson sounds good to us.

Missouri, Florida and Oregon all voted against state-wide prohibition on Nov. 8. We don't know about Missouri and Oregon, but if the man who led the fight in Florida for the dries is the same Collins, who was one of the leaders of the Anti-Saloon League in Kentucky in the state campaign of 1907 and by sending out telegrams on the day before the election betrayed the democratic party over to the republicans, we are not surprised at the result in the southern state; and we have reason to believe that it is the same man.

California will send one democrat to congress, instead of a solid republican delegation of eight, as was at first supposed. The official count of the first district shows that Judge G. F. Baker, democrat, has a plurality of 124 votes over W. F. Englebright, republican, incumbent. The latter's majority two years ago was over six thousand. Every little bit added to what you've got makes just a little bit more.

The steamer San Georgia arrived in New York from Naples, Italy, with several suspected cases of cholera on board. Two deaths from the dread disease occurred on the voyage. The ship and passengers are being held for examination.

## An Observer On Road Conditions In Lincoln

Every tax payer should study the deplorable condition our turnpikes and roads are in. It is commendable to fill up mud holes, but more praise worthy, beneficial and economical to prevent mud holes and washouts. The county officials whose domain consists especially in looking after the pikes and roads, should have a nobler ambition, industry, more common sense and zeal in the future than in the past. A good lock and hinges are the life of the door, a good tire and felloe is the life of a wheel and wide, deep ditches sufficient to hold and carry off all surface surplus water are the life of the pikes or roads. The bottom of the ditches should be lower than the base of the pikes and roads, sufficient to hold and remove all water the rainiest seasons, prevent mud holes and washouts 60 to 80 per cent of the injury to roads and tear of the public highways are due to the washouts and low places. And mudholes in the road beds, the earth low in the middle and high on the sides and no ditches on the sides parallel with the roads and no short ditches transverse to the long ones to lead the water from the centre of the road bed to the long parallel ditches. The road beds should be high in the middle and low on the sides to drain properly, viz: Cover from side to side the highest plane being the center of the road bed. \$15,000 or more is spent annually on the turnpikes and \$8,000 is spent on the dirt roads and yet, no good turnpikes and no good dirt roads, why spend so much in filling up mud holes and washouts? why not spend a good part of this large amount of money in wise and economical ditching, drainage, deeper, wider and larger ditches, wider and deeper culverts, wider and higher bridges and not have the pikes and roads overflowed, softened, disintegrated, mud holes and washouts made and hundreds and thousands of dollars worth of metal or macadam washed away every year? There is almost enough gravel and beaten rocks on the high edges of the pikes and in the filled ditches to raise the middle of the road to the proper convex height and turn the water in the ditches, if properly replaced. On the hills there no ovoid water sheds or dams with the apex up hill, the base down the hill, to turn the water into the proper channels, the ditches.

The plow scraper has a function in removing the high edges or sides and bringing the metal to the center of the road bed. The large turning plow with a good team and plowman running four to six deep furrows on each side of the pike or road then the loose dirt removed with teams and pond scrapers. Again where the pick and shovel can only be used and the dirt carted or hauled away as fertilizer to poor farm lands. Again there are ledges of rock that must be blasted away to give proper width and depth to the ditches for proper drainage and the rock blasted should be beaten and placed in the center of the road bed. Before there were free turnpikes, Dr. Fowler had an ideal pike in the Shelby City and Stanford pike. Mr. John F. Cash had a model pike in the Stanford and Hustonville pike, and Mr. Jack Bosley had in the

## WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills Have Done Great Service for People Who Work In Stanford.

Most Stanford People work every day in some stained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, and trying the back in a hundred other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Stanford cures prove it.

John H. Wren, E. Main Street, Stanford, Ky., says: "I know from experience that Doan's Kidney Pills are all that is claimed for them. Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. There was also a too frequent desire to void the kidneys secretions both relieved me and have never failed to day and night. Doan's Kidney Pills benefit me since then when I have taken them."

For sale by all dealers. Price 50c Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mr. Otto Paul Milwaukee, Wis., says: "Foley's Honey and Tar is still more than the best. He writes us, 'All those that bought it think it is still more than the best. Our baby has a bad cold and it cured him in one day. Please accept thanks.'"

Crab Orchard and Danville pike ideal conditions of engineering and workmanship. It seems now that free roads means graft. The expenditure of large sums of money, little or no work, taxes raised to the highest point, property raised higher and higher by the supervisors. Is the fault with the property owners and tax payers? Have we elected the wrong men to fill the county offices and sent the wrong men to the legislature and Senate? Have we not failed to elect the most intelligent, wisest and best business men to the office of magistrate? This the most important office in the county. Have not the county attorneys in the past been the "younglings" of the legal profession without proper age, legal lore and experience and wisdom in the construction and reconstruction of pikes and roads.

Have all the county judges been models of legal intelligence, business success and sagacity? Have they understood the obtuse problems of county finances and judicious public economy and expenditure? Do they know that injudicious economy and spending the public money the wrong way to the neglect of spending it for better purposes leads to reckless and extravagance the greatest financial evil to the greatest member, the tax payers.

The culverts and bridges on the public roads opposite farmers front gates and entrances and exits too often stop the flow of water in the parallel side ditches and cause the water to overflow the roads, wash off metal and make mud-holes. Is it not trespassing on the public highways by the property owners? No one supervisor can see to 175 miles of turnpike in Lincoln county, however efficient and business like, and give same the proper business, remedial and financial attention, why not let the macadamizing reconstruction and ditching of every five or ten miles of pike to one man with a good bond for the faithful performance of duty and skillful work? I have ridden the pikes of Lincoln both night and day for years and in the rainy season or melting of large snows, it has been the exception to find any ditch deep, wide and long enough to hold the water and keep it from the middle of the pike. Three streams of water occupy the pikes, one in the middle where the single horse travels and one on either side of this where the wheels go, sheets or branches of water in the middle of the pike washing off the metal.

The pikes of Boyle and Garrard counties are models of drainage convexity in the centre, smoothness and durability. Lincoln county can do as well or better. We need more improvements for working the pikes, we should have a roller engine and an engine for plowing, digging up the soil and old road beds where the public thoroughfares need reconstruction and to keep in the best possible condition with the necessary repair and expense. The railroad companies have their roads worked in sections of five miles, with sufficient crews and foremen over each crew. Why not adopt this plan in working the roads and pikes? Tax payers think over these things.

### Double Wedding

WITH LINCOLN COUNTY COUNCILS AS PRINCIPALS.

Wednesday evening, Nov. 16, a double wedding took place at the Presbyterian parsonage in Danville. Dr. E. M. Green officiating. The contracting parties were Mr. Virgil M. Campbell and Miss Essie May Davis, Mr. James B. Beck and Miss Elizabeth Campbell, all of Lincoln county. They were accompanied by E. E. Davis, of Stanford, and Miss Una D. Overstreet, of Parksville.

This wedding will not be a surprise to the many friends of these popular young people, as it is only the culmination of a long and happy courtship.

Mr. and Mrs. Campbell will be "at home" to their friends at Mr. Campbell's home near Hustonville and Mr. and Mrs. Beck will make their home at Mr. Beck's father near McKinney until the New Year.

## "It Cured My Back"

"For twenty-nine years I have been at intervals a great sufferer from rheumatism. During that time, no telling how many gallons of the various kinds of liniments and oils I have used and with but little relief. Recently, I was confined to my bed helpless. I tried Sloan's Liniment

and used it with such satisfactory results that I sent for two large bottles, and I have up to this time used about half a 50 cent bottle with splendid success."—JAMES HYDE, Beebe, White County, Ark.

### Got Ease in Less Than Ten Minutes.

MR. JAMES E. ALEXANDER, of North Harpswell, Me., writes:—"I am a horseshoer and subject to many strains in my back and hips which has brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your

# SLOAN'S LINIMENT

to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments."

Sloan's Liniment does not need any rubbing. It's a powerful penetrant. Try it for Rheumatism, Sciatica, Sprains, Chest Pains, and Sore Throat. It gives almost instant relief.

## INJURIOUS ELM-LEAF BEETLE

Prompt Action Necessary if This Pest is Eradicated Before Trees are Damaged.

No one who has elm trees infested with beetles should trust to natural checks to eliminate them. The trees should be thoroughly sprayed as soon as the season as the first sign of beetle feeding is seen on the leaves, and arsenate of lead at the rate of 5 pounds in 100 gallons of water should be applied.

It is important that this spraying should be prompt and very thorough, the object being to kill off the beetles before they lay their eggs. For this reason, the strong mixture is advised, that its action may be prompt, and the injury to the leaves minimized.

All beetles must feed before they lay eggs, and there is usually a period of about two weeks between the time when the first beetles are seen on the leaves and the time when the first egg mass is noticed. Earlier spraying is not advised because the foliage increases in size so rapidly at this period that leaves sprayed when half-grown may be very imperfectly covered.

Elm-Leaf Beetle.

One week later when the beetles feed, and the application will not be as effective.

Spraying against the adult beetle rather than its larva is further urged because the beetle eats the entire leaf tissue and therefore gets the poison whether it is on the upper or under surface. The larva eats only the cells of the under side and scrapes to the middle only. In consequence any leaf not covered on the under side may mature a dozen larvae unharmed, even though the upper surface may be uniformly and effectively coated. When we have large trees to deal with the problem of hitting the underside of every leaf becomes an almost impossible one to solve, while merely covering every leaf on one side or the other is a comparatively simple matter. Dr. L. G. Howard obtained from Montpellier a shipment of a minute parasitic wasp, *Tetrastichus xanthomelanus*, which seems to be very effective in keeping down this shade-tree pest in the vicinity of Paris and other portions of France. The habits of this little wasp attacks and develops in the eggs of the beetle and Dr. Howard believed that, could the insect be acclimated in the United States it would probably do equally good work here.

Parasite on Eggs of Elm-Leaf Beetle. a, egg patches on leaves; b, larvae feeding; c, adult; d, egg mass; e, larva; f, pupa; g, beetle; h, l. i, enlarged detail.

The parasites have been distributed and the tests are progressing. It can not be determined in a short time, what the effect of these parasites will be, but good results are looked for.

## GROWING THE CATALPA TREE

Will Be Big Enough for Telephone Poles or Fence Posts in About Fifteen Years.

Going in for a catalpa grove next spring? These trees will grow into telephone poles and fence posts in about fifteen years. An acre of ground will produce from 3,000 to 4,000 fence posts and such posts are now worth about 18 cents each. In fifteen years they will probably bring twice as much, as timber is becoming more scarce every year. One year old trees are the best to plant. Be sure they are all healthy and come not too far from home. Buy none but the variety known as "Speciosa." You will have to pay about \$10 per 1,000 for good trees.

The ground should be plowed and put in as good condition as for corn. The rows ought to be about eight feet apart and perfectly straight. Use a corn marker to set them just right. After they get a good start cut them back nearly to the ground. Don't be afraid to cut, as they will be all the stronger for the pruning. On good soil where trees are not too much crowded they will grow from five to seven feet the first year. Some of the railroads are going into catalpa growing to get a supply of good trees, but there is not much danger of overdoing the business.

## DEATH OF HAYDEN GOOCH

Hayden Gooch of Bear Kings Mountain died at his home October 27. He had been confined to his bed only a few days and his death came as a surprise to his many friends and loved ones and a great shock to them. Mr. Gooch was 36 years of age and is survived by his wife and two children. He was a son of Mr. and Mrs. John Wesley Gooch, of the West End. His passing away will be sincerely and deeply mourned by a wide circle of friends. Mr. Gooch was a member of the Baptist church and departs for the brightest shore with the encomium "Well Done Thou Good and Faithful Servant." His funeral was preached at the church by Rev John Singleton to a wide circle of friends and loved ones. He was laid to rest in the little cemetery near King's Mountain.

**JESUS IN  
GETHSEMANE**

Sunday School Lesson for Nov. 20, 1910  
Specially Arranged for This Paper

Lesson Text—Matthew 26:36-46. Memory  
Verses, 38-39.  
Golden Text—"The Son of man is be-  
trayed into the hands of sinners."—Matt.  
26:45.

Time—Between midnight and 1 o'clock,  
Friday morning, April 7. The morning of  
the day of the Crucifixion.  
Place—The garden of Gethsemane, on  
the lower slope of the Mount of Olives,  
opposite Jerusalem.

This lesson is full of sweet solemn-  
ity. When we enter the garden of  
Gethsemane we hear the voice that  
came to Moses at the burning bush:  
"Put off thy shoes from off thy feet;  
for the place whereon thou standest  
is holy ground."

We trace the walk of Jesus from  
the upper room to Gethsemane, the  
route of the officers and soldiers from  
Castle Antonia, and the return with  
Jesus as a captive.

The word "Gethsemane" signifies  
"an oil press," of which there were  
certain to be several in a locality then  
covered, as Mount Olivet was, with  
olive trees. John calls it a garden.  
"An eastern garden differs from ours,  
in that it is chiefly filled with fruit  
trees and fragrant shrubs, rather than  
with flower beds; and shade, not or-  
der or bright colors, is what is chiefly  
studied in its construction." The gar-  
den was nearer the Kidron, which ran  
between Jerusalem and the Mount of  
Olives.

From the fact that "Jesus oftentimes  
resorted thither with his disciples"  
(John 18:2), it is probable that it was  
a suburban pleasure ground, or be-  
longed to some friend of Jesus who  
gave him the free use of it during his  
stay.

He took with him Peter and the two  
sons of Zebedee, James and John.  
These were the three who had seen  
his glory on the Mount of Transfigura-  
tion, and were best prepared to sym-  
pathize with him. These were to  
watch and pray. They were to watch  
with him, in sympathy with him, and  
against the same temptations.

In this hour Jesus needed human  
sympathy, even while he "must tread  
the winepress alone." Three times he  
went to them during this season of  
prayer. The more loving the heart,  
the more helpful is fellowship and  
sympathy. Every wise person accepts  
of all the sympathy and help he can  
get. To throw this away is to reject  
one of the best aids God has given us.

"Jesus was in the prime of man-  
hood; life was just opening before  
him; his soul was eager for work, and  
conscious of rare capability to per-  
form it; his death was the end of all  
human hope of achievement." His  
earthly career, in this dark hour, may  
have seemed to be a failure, if the fu-  
ture was veiled from his vision. Only  
a few disciples, instead of a glorious  
kingdom, and these few about to for-  
sake him! Where were the fruits of  
his life? It was his hour of dark-  
ness, with the future veiled from his  
eyes with its resurrection and ascen-  
sion, and himself King of Kings and  
Lord of Lords. This required the ut-  
most heroism of faith.

Nevertheless not as I will. Not as  
seems desirable now. But as thou  
wilt. What is your loving wisdom you  
see to be wise and best. This is my  
prayer and desire. I do not merely  
submit to your will, but desire it, pray  
for it. "Underneath that awful agony  
these lay, millions of fathoms deep,  
unmoved and immovable, the intense  
desire that his Father's wish and will  
should be done."—Morison. This  
prayer, "Thy will be done," contains  
the essence of faith; a faith that ex-  
pects an answer.

"Thy will be done" means far more  
than merely enduring the suffering  
God sends. It means doing his will  
in our business, in our homes; every-  
where living according to God's laws  
and principles. It means carrying out  
his plans for the redemption of men.  
The prayer was answered through  
the strength given him to drink the  
cup, and change it into a cup of bless-  
ing. It was answered in the same way  
that God answers our prayers, as God  
answered Paul's prayer that the thorn  
in his flesh might be removed.

God answered Jesus' prayer by giv-  
ing in a better form than the one in  
which the petition was stated, the  
soul of his prayer, the things that in  
his deepest heart he wanted. If clearly  
before the vision of Jesus there had  
appeared two choirs, the one of es-  
cape from the cross, but with that  
also the failure of his mission, the  
triumph of evil, the loss of unnum-  
bered souls, no crown, no glory, no  
abiding on the right hand of God; and  
the other choice, that of the cross and  
its agony, but with it also the redemp-  
tion of the world, the ineffable glory  
of God, the joys of millions of the  
saved, the crown of triumph over  
evil—who doubts which would have  
been his real, innermost prayer? His  
prayer was answered, for the cross  
was changed to a crown, Gethsemane  
into paradise, death into immortal  
glory.

Lo, Judas, one of the twelve, came.  
He knew where he would be likely to  
find Jesus, because Jesus was accus-  
tomed to resort to this garden with  
his disciples. And with him a great  
multitude, including a band of Roman  
soldiers, Jewish officers, captains of  
the temple police, chief priests and  
elders, and their attendants, such as  
Malchus, followed by a multitude of  
people, with swords and staves, lan-  
terns and torches and weapons. Ju-  
day betrayed Jesus with a kiss. The  
Greek means "kiss again and again,"  
"kiss tenderly." Later Judas over-  
whelmed with remorse ended his life.

**Free Sample  
For Baby's Ills**

Something can and must be done  
for the puny, crying baby, for the  
child that refuses to eat and is rest-  
less in its sleep. And since the basis  
of all health is the proper working  
of the digestive organs, look first to  
the condition of the stomach and bowels.

A child should have two full and free  
movements of the bowels a day. This  
emptying of the bowels is very important,  
as with it comes a clear head, a light-  
ness of step, good appetite and sound  
sleep. But it is equally important to  
know what to give the child in the  
emergency of constipation and indiges-  
tion. Cathartics are too strong and salts  
and other purgatives are not only too  
strong, but the child refuses them be-  
cause of their bad taste. Have you ever  
tried Dr. Caldwell's Syrup Pepsin? It is  
a liquid tonic that families have been  
using for a quarter of a century. It is  
mild, pleasant-tasting and promptly ef-  
fective. It is good for you as well as  
the child, but there is nothing better to  
be found for children. They like its taste  
—you will not have to force them to  
take it.

First of all, if you have not yet used  
it, Dr. Caldwell would like to send you  
a sample bottle free of charge. In this  
way you can try it before buying. Later,  
when convinced of its merits, you can  
get it of your druggist at fifty cents and  
one dollar a bottle, just as thousands of  
other families are doing. The family of  
Mr. D. W. Spangler of Strattonville, Pa.,  
as well as that of Mr. A. F. Johnson of  
Walnut Grove, Tenn., started with it in  
that way and now write that it is their  
family necessity next to food itself.  
If you are unfortunate enough to have a  
sickly child, one given to constipation  
and indigestion, you should send for a  
free sample of this remedy.  
Dr. Caldwell personally will be pleased  
to give you any medical advice you may  
desire for yourself or family pertaining to  
the stomach, liver or bowels absolutely  
free of charge. Explain your case in a  
letter and he will reply to you in detail.  
For the free sample simply send your  
name and address on a postal card or  
otherwise. For either request the doctor's  
address is Dr. W. B. Caldwell, R. 509 Caldw-  
ell building, Monticello, Ill.

**FIRST PASSED THE POST**

The editor of the Hardeman Col.  
Free Press tells of an interesting ex-  
perience thusly:

"We fell asleep in a chair at Grand  
Junction last Wednesday night on our  
way home from Memphis in our usual  
soaked condition and let our train  
leave us. The hotel clerk told us to  
go up stairs and take the room on the  
right side of the hall with the lamp  
burning low. He said he was crowd-  
ed and we would have to double up  
with a man. We went up and pulled  
off our things and went to bed with-  
out waking our bedfellow, who was  
sleeping sound with the sheet over his  
head to keep off the musketeers. Be-  
fore we fell into the arms of morpheus  
we seen a young lady and young gen-  
tleman come in and sit down by the  
window. At first they talked so low  
he could not hear what they said.  
Finally we heard the little miss say  
"Willie ain't you ashamed to try to  
kiss me right here where we are sit-  
ting up with a dead person?" We felt  
curious. We slowly reached over and  
touched the nose of the man we was  
in bed with, and seen at a glance that  
he was dead all right. We riz up in-  
stantly and it was a race to a finish  
twixt us three for the bottom of the  
steps. It is useless to say we was  
fust pas the pot by two lengths.  
We didn't skeer that couple any  
wuser than the corpse skeered us.  
We walked through the country to  
Polivar and wired for our clothes by  
express."

**LION FONDLES A CHILD**

In Pittsburg a savage lion fondled  
the hand that a child thrust into his  
cage. Danger to a child is something  
great when least regarded. Often it  
comes through colds, croup and  
whooping cough. They slay thou-  
sands that Dr. King's New Discovery  
could have saved. "A few doses cur-  
ed our baby of a very bad case of  
croup," writes Mrs. George B. Davis,  
Flat Rock, N. C. "We always give it  
to him when he takes cold. It's a  
wonderful medicine for babies." Beat  
for Coughs, Colds, La Grippe, Asthma,  
Hemorrhages, weak lungs. 50 cents

who has an irritated, tender or itch-  
ing skin to come to our store and pro-  
cure a bottle of Zemo and a cake of  
Zemo soap and if you are not en-  
tirely satisfied with the results, come  
back and get your money. So con-  
fident are we of the efficacy of this  
clean, simple treatment, that we make  
you this unusual offer.

ZEMO is a clean liquid for external  
use that has cured so many cases of  
eczema, pimples, dandruff and other  
forms of skin eruption. Zemo and  
ZEMO soap are sold by druggists ev-  
erywhere and in Stanford by Penny's  
Drug Store. ZEMO and ZEMO soap  
are the most economical as well as the  
cleanest and most effective treatment  
for affections of the skin or scalp,  
whether on infant or grown person.

This indicates the action of Foley's  
Kidney Pills as S. Parsons, Battle  
Creek, Mich., illustrates: "I have  
been afflicted with a severe case of  
kidney and bladder trouble for which  
I found no relief until I used Foley's  
Kidney Pills. These cured me entire-  
ly of all my ailments. I was troubled  
with backache and severe shooting  
pains with annoying urinary irregu-  
larities. The steady use of Foley's  
Kidney Pills rid me entirely of all  
my former troubles. They have my  
highest recommendation. Shugars

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address J. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Jesse Lynn has installed a small electric motor in his meat store and uses it to operate a sausage grinder. It does the work about a dozen times as well and as fast as the ordinary man could do it, and is a wonder.

"My Wife's Family," a rip-roaring musical comedy with fun from beginning to end, pleased a large crowd on Thursday night at the Stanford Opera House. The production is the best seen here in a long time, and it was gratifying to the management of the opera house that the people came out in goodly numbers to enjoy it. Miss Bigden, the star, was a dream, and her beauty, magnificence of costumes and fine work delighted everyone. The Thebus brothers in their song and dance stunt, and in all their work were very fine. Manager Wallace Cutter has a winning company and puts on a show that is of a much higher class than cities the size of Stanford generally have the pleasure of seeing.

Ralph Johnstone, holder of the world's altitude record for aeroplanes, on Thursday fell 500 feet while attempting a spectacular dip at the Denver aviation field, and was instantly killed.

Manager Homer Wray, of the Tennessee Telephone Company's local plant, has had a crew of linemen here for several days putting up new wires for the increasing business of the company, and putting the old ones in shape for the winter. The Stanford Water, Light & Ice Company has been doing some work on the wires in preparation for the winter.

The Louisville & Nashville railroad has placed an order with the Tennessee Coal & Iron Company for 20,000 tons of steel rails for 1911 delivery.

The population of Memphis, Tenn., is 131,165, according to the new census, a gain of 28.1 per cent in 10 years.

The writer takes great pleasure in  
announcing the marriage of Mr. Hiatt  
Burke to Miss Beattie Rogers Coats,  
of this place. They surprised their  
many friends by eloping to Jellico a  
few days ago, where they were united  
in the holy bonds of matrimony. The  
writer extends best wishes.

The sale of personal property of  
Kanada Rogers last week was not  
very largely attended, by the untir-  
ing efforts of Col. J. F. Chandler, the  
auctioneer. Fair prices were realized.  
200-lb. hogs brought 71-4c; 60-lb.  
stack hogs, \$4.50 per head; milk  
cows, \$30 to \$35; 2-year-old heifers,

### To Lincoln County Tax Payers

Don't forget the per cent will soon  
be added to your taxes and is not  
the desire on my part that any should  
have to pay this extra money, there-  
fore I want to give all a chance to  
settle up and avoid the per cent. So  
I, or one of my deputies will be at the  
polling places on the dates named be-  
low, to meet you and collect taxes and  
deliver to you your receipt. This will  
be the last call before the per cent is  
added, so don't fail to meet us on the  
dates named below:
